IMPORTANT!

We also make a complete line of Wood
Planes, Bench, Fancy and Moulding, all fitted
with the famous "Barton" Plane Irons, The best
in the World.

A full line of Chisels, both tang and socket for
Carpenters, Millwrights, Patternmakers, Wood-
turners, Shipbuilders, Carriage and Coachbuilders
&c. Broad Axes, Hand Axes, Adzes, Drawing
Knives.

A Complete line of Cooper's Tools, also Carp-
enter's tools; in short we probably make the most
extensive line of strictly fine Mechanic's Edge
Tools of any factory in the United States, includ-
ing the famous "Barton" Plane Irons, the best
made.

State what kind of tools you use and send for
a catalogue. We issue separate catalogues of the
different lines.

- MACK & CO. -

We are now making a full line of the Addis Pattern Carving Tools, illustrations and prices of which we present in the following pages.

We have in our employ a workman, who, before coming to America, made these tools for Addis, in England, and is thoroughly experienced in this line of work. We use the best English steel in them and spare no pains or expense in the effort to have them fully sustain the high reputation that the Barton Tools have held for more than half a century. We think they will compare favorably, both in style, finish and quality, with any made in the world.

Respectfully,

MACK & CO.

ADDIS' STYLE Carving Tools.

Price, Per Dozen.
